Price: £3.00

Description

Chamomile water with its soothing and calming properties may help to refresh dry and sensitive skin. may also help reduce redness and blemishes and some skin irritations. Each floral water has natural skin toning and conditioning properties. Why don't you create your own bespoke skin toners by blending floral waters together and adding other cosmetic ingredients. Cleopatra reportedly used rose water in her face masks, but they have been used for centuries around the world since. Often considered a luxury item.
