Short Description

Children's ¾ length firm Orthotic Insole for the treatment of Flat Feet/Fallen Arches and Sever's disease

Description

- ¾ LENGTH MEDICAL-GRADE KIDS INSOLES - Designed by our in-house podiatrists to help with the treatment of Sever's Disease, as well as Plantar Fasciitis, Heel Pain, Knee Pain and Back Pain.
- EXCELLENT ARCH SUPPORT and HEEL STABILISATION - These high specification children's orthotic insoles offer advanced biomechanical arch support and have a deep stabilising heel cup.
- ASSISTS WITH REALIGNMENT - Offering first-class stabilisation, these best-selling kids insoles support the arch and realign the foot and ankle, helping to restore your child's natural walking pattern.
- EXTREMELY COMFORTABLE - Fitted with a soft velours top layer and high-performance shock-absorbing heel pad, these orthotic insoles are also very comfortable to use over long periods of time.
- CUSTOMER SATISFACTION GUARANTEE - FootActive offers all our customers a full 30-day refund or exchange policy, giving you total peace of mind when making your purchase.
