Description

- Lysine is an essential amino acid
- Amino acids are the building blocks of proteins
- Convenient one-a-day tablets
- Each tablet yields 1000mg free-form lysine

Amino acids are the building blocks of proteins, which are the substances that make up our cells and tissues. Lysine is an essential amino acid, meaning it cannot be produced by the body and must be found in the diet. Lindens Lysine 1000mg Tablets each contain 1274mg L-Lysine Hydrochloride, yielding 1000mg free-form Lysine, in a convenient one-

a-day tablet.

With Lindens®, you can expect:

- ? An established UK manufacturer based in Yorkshire
- ? ISO 9001 Certified for Quality Management Systems
- ? Dedication to excellence, innovation and satisfaction
- ? Resealable, light-proof, foil-fresh pouch packaging
- ? The Lindens® label: your guarantee of authenticity

This is a food supplement which is not a substitute for a balanced diet and healthy lifestyle. We recommend that pregnant and breastfeeding women seek medical advice before using food supplements. Store in a cool, dry place, out of reach of children. Unsuitable for children. Follow usage guidelines. Do not exceed stated dose. Lindens® is a registered trademark of Lindens Health + Nutrition Ltd.
