Short Description

D-Mannose is a simple sugar similar to glucose, commonly found in fruits such as cranberry. Each Lindens D-Mannose 1000mg Tablet contains 1000mg of D-Mannose, and is popular as a substitute for cranberry.

Description

- D-Mannose is a sugar found naturally in fruit
- Popular supplement with women
- Popular substitute for cranberry
- 1000mg D-Mannose per convenient tablet

D-Mannose is a simple sugar, structurally similar to glucose, commonly found in fruits such as cranberry. One of the primary compounds found in cranberry that make it popular as a health supplement, D-Mannose is a popular food supplement in its own right.

Each Lindens D-Mannose 1000mg Tablet contains 1000mg of D-Mannose with no added sugar, in a convenient tablet form, making this a popular substitute for cranberry supplementation.

With Lindens®, you can expect:

- ? An established UK manufacturer based in Yorkshire
- ? ISO 9001 Certified for Quality Management Systems
- ? Dedication to excellence, innovation and satisfaction
- ? Resealable, light-proof, foil-fresh pouch packaging
- ? The Lindens® label: your guarantee of authenticity

This is a food supplement which is not a substitute for a balanced diet and healthy lifestyle. We recommend that pregnant and breastfeeding women seek medical advice before using food supplements. Store in a cool, dry place, out of reach of children. Unsuitable for children. Follow usage guidelines. Do not exceed stated dose. Lindens® is a registered trademark of Lindens Health + Nutrition Ltd.
